<b>Handling Conclusions.....</b>	<b>2</b>
<b>Interacting with Episodic Memory .....</b>	<b>3</b>
Retrieving Episodes .....	3
“Offline” Learning.....	3

## Key Concepts

### Generative Actions

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).

### An Example: Using Generative Actions to Change Local Parameters

## Interacting with the NACS

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).

## Retrieving Chunks from the GKS

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).

## Making Reasoning Requests

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

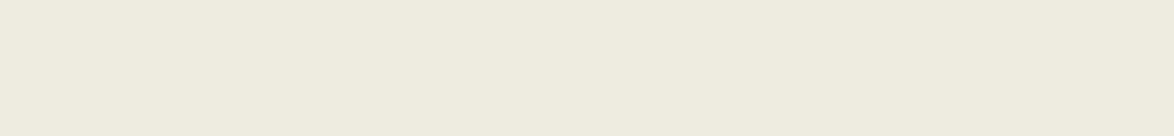

In future releases, this section will contain information about how to use this feature (when it becomes available).

## Handling Conclusions

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).

### Interacting with Episodic Memory

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).

### Retrieving Episodes

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).

### “Offline” Learning

This feature is currently under development and, therefore, is not available in the current release of the CLARION Library.

In future releases, this section will contain information about how to use this feature (when it becomes available).
